

CAR-NIVAL CAMPING

Approaching the Venue

Whilst everyone is welcome to camp at CAR-nival between Fri 7th and Mon 10th June, there are one or two rules to make sure that everyone has a great time, and we keep the event safe and sound.

Camping Area

CAR-NIVAL CAMPING – THE RULES

These are:

- **NO CAMPING OR CARAVANS ON THE LEFT SIDE OF THE RALLY SERVICE AREA (As you face the Start Line)**
- *Do not park trailers or caravans in the TENT ONLY area.*
- *Do not 'section off' areas as this reduces the overall space available.*
- *Caravans should be parked on the hard standings at the side of the road approaching the Trailer Park (Not in the Trailer Park, nor at the roadside edges of camping areas)*
- *Those using the 'Quiet Area' should respect the rules (No generators, lights or noise after 11pm) - This will be enforced! All generators should be turned off by 12 midnight.*
- **NO OPEN FIRES** - *If you are using a barbeque then please ensure you place a fire extinguisher close to hand (it's your kit that will burn down first!).*
- **DISPOSABLE BARBECUES MUST NOT BE PLACED CLOSE TO TENTS or on grass!**
- *Do not put hot ashes in the plastic wheelie bins, even if you are Welsh!*
- *Do not empty chemical toilets in the individual units – Please take it home with you!*
- *Put all rubbish in the bins and skips provided.*
- *A First Aid Post and Fire Point is located adjacent to the 5 ways junction.*
- *Respect the instructions of the Officials and Overnight Security.*
- *Remember that you are responsible for your children and a lack of supervision resulted in a serious injury last year.*
- *There is a large Supermarket 500mts from the Marcham Interchange as well as 2 large Petrol Stations.*
- *Have fun, drink sensibly and be considerate to others!*
